PRODUCT FACT SHEET

Fiber Source 7 300 grams

Code: 144

Fiber Source 7 supports absorption of nutrients and elimination of toxins and waste. Both processes are critical in the digestive tract, and impact the health of the entire body.

Fiber Source 7 supports:

- Intestinal health
- Healthy intestinal flora
- Regularity
- Nutrient absorption

PRODUCT INFORMATION

What makes Fiber Source 7 unique is that it supports the body's balance of friendly flora with a proprietary blend of probiotics supplied by FloraGenesis. A good balance of bacteria helps the colon extract nutrients that cannot be absorbed by the small intestine. Supplements are of little use to your health if your body does not properly absorb them.

Fiber Source 7 also provides 7 grams of fiber of which 6 grams are soluble fiber that helps move the contents of the colon at a normal rate. Research shows that 7 daily grams of dietary fiber can reduce the incidence of some cancers.

Fiber Source 7 is designed to be used daily, and ForMor recommends it as a foundation for any supplements program.

SUPPLEMENT FACTS

Serving Size: 1 Level Scoop
Servings per container: 22

Amount per serving		
Calories 20	Calories from Fat 0	
		% DV
