PRODUCT INFORMATION

His is much more than just a vitamin supplement. It contains the vital minerals zinc and chromium, necessary for optimal health and wellness for men.

CoQ10 has long been recognized as a vital nutrient which supports both cellular energy production as well as antioxidant functions. Its production declines in a man's body after age 21, making it a necessary addition to any supplement regimen.

Prostate health is supported by a blend of lycopene, saw palmetto, and pygeum bark.

Directions for use

Take 2 caplets daily or as needed as a dietary supplement.

Protect from heat, light, and moisture. Store at room temperature. For adult use only. Always consult your healthcare professional before taking any dietary supplement.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, prevent, treat, or cure any disease.
